

## Annual Smoke Test & ARB Fleet Rules Evaluations Of Heavy Duty Diesel Trucks

Sierra Engineering staff has provided regulatory and technical support to large fleet operators at various public and commercial facilities. We can conduct opacity test of the diesel fleet at your site, and provide you with a free evaluation of the diesel truck fleet and portable generators in regard to compliance with the ARB diesel rules, Per our site inspection you can:

- **Determine the compliance status of your existing operation.**
- **Determine the most cost-effective compliance option.**
- **Determine the most suitable option (Retrofit or Repower)**
- **Get familiar with the existing diesel particulate control technologies, and engine replacement**
- **Obtain a quotation on the most suitable control option ( diesel particulate filter installation or engine repowering)**

To make an appointment for a site visit please call Sharie at (949) 833-3455, or fill out the bottom portion of this form and fax it to (949) 833-2970.
